

ASDCA SUPPLEMENTAL LITTER REGISTRATION FOR LITTER RESULTING FROM ARTIFICIAL INSEMINATION FORM

Use this form in conjunction with the ASDCA Litter Record form when registering a litter resulting from Artificial Insemination involving Fresh, Fresh Extended or Frozen Semen.

Mandatory Requirements:

- 1) The sire and dam must be either ASDCA or AKC registered
- 2) The litter must have been whelped in the United States
- 3) AKC DNA Profiling is required for all stud dogs used in breeding a litter through artificial insemination. AKC DNA kits are available through the AKC web site (www.akc.org).
- 4) This application must be completed by the owner of the semen, the owner(s) or lessee (s) of the dam and the veterinarian who performed the artificial breeding.
- 5) If using Fresh Semen, both the sire and dam must be present during the extraction of the semen and the insemination of the bitch.
- 6) Incomplete forms will not be processed. Please ensure all information is clear and legible (Print when appropriate).
